

Paulding County Area
FOUNDATION

2022 Annual Report

A Year of Accomplishments

**The Paulding County Area Foundation exists to enrich
the quality of life for our community.**

A MESSAGE FROM THE EXECUTIVE DIRECTOR

Most of us learn as children that sharing is a good thing. What we didn't realize, we were practicing philanthropy at an early age – we just knew that giving to others made us feel good.

Decades later, we tend to give to organizations that touch our lives. Who's doing the giving? People like you and me, giving in various ways by our time, talent and skills, creating a better community in which we live.

Paulding County Area Foundation continues to benefit Paulding County in numerous ways, always with the mission to create quality life of initiatives, not only for today, but for future generations.

I invite you to learn more about the commitment of Paulding County Area Foundation as you read through this year's annual report. Thank you for inspiring and joining us in building a better future.

Young Farmer CD balance by Fiscal Year

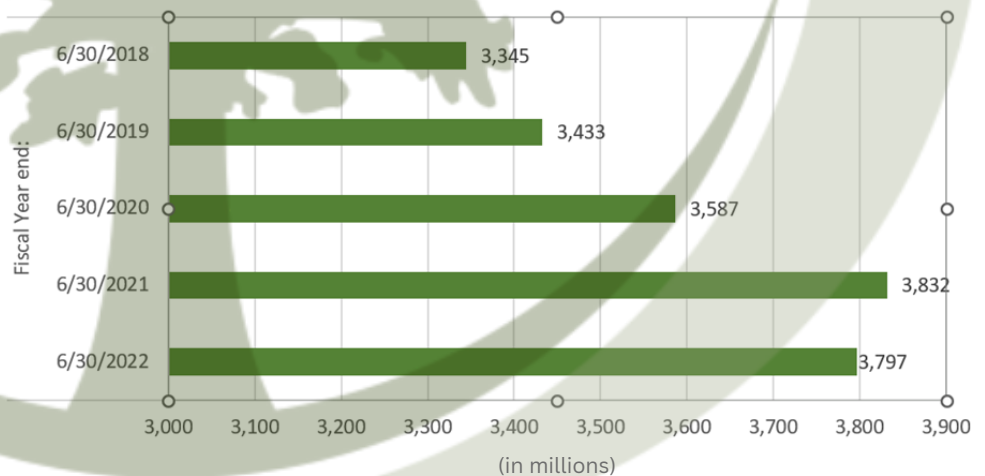

Young Farmer's Program:

Paul Marshall had a vision when he gifted his acreage to Paulding County Area Foundation - Marshall Memorial Supporting Foundation. The gift was left with the following mission in mind **"to financially encourage, aid, assist, and promote young farmers to be full-time grain and/or livestock farmers in Paulding County."** Mr. Marshall also encouraged young farmers to remain in Paulding County.
